This artist has such an open heart and pioneering mind. He cares about his community and seeks to give back wherever he can. He is a hard worker in skills, talent and labor. He is creative and thought provoking. His music is unique and challenging. I absolutely recommend for anybody to become a part of his school and learn from the man himself.

 **Zoia Logos Evermore** recommends Wise Serpent Music. 21 May · 🌐

Absolutely heartily inspired, Grace is, & so are the wonderful magnificent hearted ones who can receive greatly from all the he has to offer. He teaches in mountain air crispness, full of sound fragrance. Leaving nothing but the wind of life motivating & empowering the youngsters ones to be all that they are.

As some say, what's the best that can happen? Well, possibly you've found it.
